I want you to know  
How this has to go  
I know it's soundtrack  
That you know  
But since i let my get down

I let myslef give in feelings  
That i can't control no more

We don't get this thing day and night  
hold your money, i got mine  
Bot, you got me curios  
Yeah, you do this  
Let get things olright

Let's just be casual  
We can keep it casual  
We might be comparable  
So Let's just be casual  
Let's just be casual  
We can keep it casual  
We might be comparable  
So Let's just be casual

No one try to lead you one  
But i always ... to hard

Maybe i should give this one more try  
You pull me and i

I let myslef give in feelings  
That i can't control no more

hold your money, i got mine  
Bot, you got me curios
