

Carly Rae Jepsen, Stadium Love

Hey Carly, watch this!
(Here we go)
(Tried to be better, uh)
(Watch this)

Got you on my mind for the second time
Got you on my mind, but it's not enough
These are little words, but I'm feeling that stadium love
Gimme some

Am I the only one who's insatiable?
Waiting for someone who's untouchable
These are little dreams, but I'm wanting that stadium love
Gimme some

This is for the weekend lovers
Ones you can't imagine you'll forget
Wishing you a speed recovery
Sliding doors goodbye, hello, goodbye

On just two nights
One summertime
Just sliding doors goodbye, hello, goodbye

Dreams, dreams, dreams
A wish, a wish
To be broken, broken

So you better hurry up
Yeah, come and pick me up

Hey! Boy! Saw you on the weekend
Full stop, now I'm in the deep end
Hey! Look! Now I'm only feeling
Stadium love

Hey! Boy! Saw you on the weekend
Full stop, now I'm in the deep end
Hey! You! Now I'm only feeling
Stadium love

Watch this!

Dreams, dreams, dreams
A wish, a wish
To be broken, broken

So you better hurry up
And come and pick me up
Come and pick me up

I got you on my
Ooh, not enough
Got you on my mind, but it's not enough

Give me stadium love
Stadium love
Stadium love

Watch this

What a night
Got you on my mind, but it's not enough
