

Case, Having My Baby

Having my baby
You're having my baby
My baby is having my baby
Only God knows how much I love you
Having my baby
You're having my baby
My baby is having my baby
Only God knows how much I love you

Mothers never mean so much to me
And for you to bring forth a life from me
Would be a honor to me ladie's soul, ooh
If you go away, hey
If you've got to twist and turns, we'll be ok
Let's hold hands together and we'll pray

Having my, yeah, yeah
My baby is having my, my
My baby is having my
My baby is having my, my, my, my, my
Having my, my
My baby is having my, my, my
My baby is having my, my, my, my
Having my, my, my
My baby is having my
