Last night I dreamt your face  
The skin was falling off  
The flesh was turning grey  
This is a cave-in I said I'd stay

Cave-in  
Said I'd stay  
Last night I had a dream  
Your eyes were lit by fire  
The way you tried to smile  
The way you couldn't smile  
This is a cave-in I said I'd stay

Cave-in  
Said I'd stay

These things take so long  
So let me help it some
