

# Celeste, Coco Blood

[Verse 1]

Still cold  
I'm up late but these nights don't faze me  
These red lights, top back, I'm leanin'  
No sleep, don't touch me while I'm schemin'  
Feel me

[Pre-Chorus]

I don't wanna wait for love  
Every time I do  
I don't wanna wait for love  
Waitin' on him

[Chorus]

Are you warm enough?  
Coco blood  
Are you warm enough?  
Coco blood

[Verse 2]

See me wait for the morning to settle  
Tried to let God meet my good side  
In a pink slip, with my rings on  
When the birds sing, with a good guy  
I'm on time  
I'm a new colour (New colour), new money  
Miss my dad, but I'm not mad  
I'm cocoa butter, old man in a new Jag'  
When I die, this coco blood is skin tight  
When I die

[Pre-Chorus]

I don't wanna wait for love  
Every time I do  
I don't wanna wait for love  
Waitin' on him

[Chorus]

Are you warm enough?  
Coco blood  
Are you warm enough?  
Coco blood

[Bridge]

My coco, coco blood  
My coco, coco blood  
My coco, coco blood  
My coco, coco blood

[Bridge]

When I'm dumbfounded  
When I'm his instead  
When I'm down, down  
Oh, you give me runaround  
Picture me somehow

[Chorus]

Are you warm enough?  
Coco blood  
Are you warm enough?  
Coco blood

[Outro]

My coco, coco blood

My coco, coco blood  
My coco, coco blood  
My coco, coco blood
