Celine Dion, Where Does My Heart Beat Now

So much to believe in - We were lost in time Everything I needed I feel in your eyes Always tought of keepin-Your heart next to mine But now that seems so far away Don't know how love could leave Without a trace Where do silent hearts go?

Where does my heart beat now Where is the sound That only echoes through the night Where does my heart beat now I can't live without Without feeling it inside Where do all the lonely hearts go

Candle in the water - Drifting helplessly Hiding from the thunder-Come and rescue me Driven by hunger -Of the endless dream

I'm searching for the hand that I can hold I'm reaching for the arms that let me know Where do silent hearts go?

Where does my heart beat now
Where is the sound
That only echoes through the night
Where does my heart beat now
I can't live without
Without feeling it inside
Where do all the lonely hearts go
Where do all the lonely hearts go

Then one touch overcomes the silence Love still survives Two hearts needing one another Give me wings to fly

Where does my heart beat now Where is the sound That only echoes through the night Where does my heart beat now I can't live without Without feeling it inside

I've got someone to give my heart to Feel it getting stronger and stronger And stronger And I feel inside

Hearts are made to last Till the end of time
