## Celine Dion, Whre Does My Heart Beat Now

So much to believe in we were lost in time Everything I needed, I fell into your eyes

Always thought of keeping your heart next to mine

But now that seems so far away

Don't know how love could leave without a trace

Where do silent hearts go?

Where does my heart beat now?

Where is the sound

That only echoes through the night?

Where does my heart beat now?

I can't live without, without feeling it inside

Where do all the lonely hearts go?

Candle in the water drifting helplessly

Hiding from the thunder come and rescue me

Driven by the hunger of the endless dream

I'm searching for the hand that I can hold

I'm reaching for the arms that let me know

Where do silent hearts go?

Where does my heart beat now?

Where is the sound

That only echoes through the night?

Where does my heart beat now?

I can't live without, without feeling it inside

Where do all the lonely hearts go?

Where do all the lonely hearts go?

Then one touch overcomes the silence

Love still survives

Two hearts needing one another

Give me wings to fly

Where does my heart beat now?

Where is the sound

That only echoes through the night?

Where does my heart beat now?

I can't live without, without feeling it inside, oh

I've need someone to give my heart to

I feel it getting stronger and stronger and stronger, yeah

And I feel inside

Hearts are made to last till the end of time
