

Celldweller, Afraid This Time

(afraid echoes i the background)

Even if you want, you can't touch me now
Leave me if you want you can't hurt me now

Build them up
High and strong so you'll never have to hurt too long
Put them up,
Til they surround and there's no real you left to be found
Hold it up,
High above no fear of hope or trust or love
Close it up,
And hold your ground and wait until it's time to finally close it down

It isn't easy to admit
I dont think im beleive it
Im afraid this time
ooooh, ooooo
(It isn't easy to admit I dont think im beleiving it)
It's not the same this time
ooooh, ooooo
(It isn't easy to admit I dont think im beleiving it)

Build them up
High and strong so you'll never have to hurt too long
Put them up,
Til they surround and there's no real you left to be found
Hold it up,
High above no fear of hope or trust or love
Close it up,
And hold your ground and wait until it's time to finally close it down

Im afraid this time
ooooh, ooooo
(It isn't easy to admit I dont think im beleiving it)
It's not the same this time
Im afraid this time
(Even if you want, you can't touch me now
Leave me if you want you can't hurt me now)
I'm afraid this time
(Even if you want, you can't touch me now
Leave me if you want you can't hurt me now)

Even if you want, you can't touch me now
Leave me if you want you can't hurt me now

ooooh, ooooo,
Im afraid this time
(This Isn't easy to admit, but i don't think im beleiving it)
ooooh, ooooo
(Even if you want, you can't touch me now
Leave me if you want you can't hurt me now)

This Isn't easy to admit, but im afraid
This Isn't easy to admit, but im afraid
This Isn't easy to admit, but im afraid
This Isn't easy to admit, but im afraid
This Isn't easy to admit, but im afraid this time

This Isn't easy to admit, but im afraid
This Isn't easy to admit, but im afraid
This Isn't easy to admit, but im afraid
This Isn't easy.
