

Central Cee, Wake Up (Yung Fume Remix)

"Ay Tweeko mixed this you know, it sounds cold"

The Money is my alarm
Pretty like Nia Long
The Money is my alarm
Don't care if I'm tired um

Money money wake me up
My bro makes money whipping up
Due to pull up in the foreign pick u up
They're sleeping on me I'm due to wake em up, wake em up

I don't want them in my world
I'm perfectly fine by self
When I saw the cheque come in, overwhelmed
I just got the pack sent out like the mail

Live in my ends it will drive you insane
Don't come to my ends with your chain
Don't come to my ends best use your brain
The goonies will take you away
The goonies will take you away

The Money is my alarm
Pretty like Nia Long
The Money is my alarm
Don't care if I'm tired um

The Money is my alarm
Pretty like Nia Long
The Money is my alarm
Don't care if I'm tired um

I can't be chilling with friends
I only chill with my brothers
I don't wanna go to a show
Unless they giving me money
But I'm gone do what I gotta do because it's all part of the come up

He said what you gon do
I said you'll see when I run up
Hmm
I can't lie
Money, mob ties
Honey, won't lie
Spaceship on the drive
This shit didn't happen over night
Now she see the stripes & she wanna match the off white
Ima treat you right just know the money on my mind

I take risks but I'm safe when I fuck hoes
I see a lot of man acting like they Pablo
But when we need the bits they ain't got those

2 girls, 1 time. (that's what I'm working on)
Don't trust these hoes! (Pretty like nia long)
Don't ask more than once. (Buss it like a firearm)
I don't wanna try it on

Money money wake me up
My bro makes money whipping up
I'm due to pull up in the foreign pick you up
They're sleeping on me due to wake them up

The Money is my alarm
Pretty like Nia Long

Don't care if I'm tired um
