

# Chantal Kreviazuk, Eve

Eve is gone again  
Back to her palace  
Back to her island  
Eve can smile again  
And run 'round the hedges  
In the Garden of Eden

Run the way you did before the nightmares  
Run just like before the overkill  
Run the way you did it's over darling

Oh, could I be so gentle  
Oh, so soft and tender  
Oh, and could I forgive  
And could I die in my mother's arms  
Like her

Eve's a child again  
Sing her a lullaby  
Read to her every night  
Eve's in heaven  
Plenty of friends are there  
No one the enemy

Run the way you did before the nightmares  
Run just like before the overkill  
Run the way you did it's over darling

Oh, could I be so gentle  
Oh, so soft and tender  
Oh, and could I forgive  
And could I die in my mother's arms  
Like her  
Like her  
Like her

Like her ...  
Run the way you did before the nightmares  
Like her ...  
Run just like before the overkill  
Like her ...  
Run the way you did it's over darling  
Like her ...  
Run the way you did before the nightmares  
Like her ...  
Run just like before the overkill  
Like her ...  
Run the way you did it's over darling

Could I die in my mother's arms  
Like her
