

Chaos UK, Ronnie I

Ronnie was a rebel, he also was a thief
He'd take your granny's pension and kick her false teeth
Stole his uncle's motor, drove it into town
Ronnie was a hard man, they'd never put him down
Ronnie didn't care, didn't give a f**k
Take your f**king trousers when he was down on his luck
Prison was the place Ronnie wanted to be
In with all the bad guys just like me
Ronnie was a hero, he watched it on TV
Semi-naked women and a corporate ID
Planned the biggest job the country's ever seen
A f**k off great big shotgun
Ronnie's really mean
