

Charli XCX, Claws

I like, I like, I like
I like, I like, I like
I like, I like, I like

like your mind
like your smile
like your eyes
I could die
aero plane
you run stuff by
singing songs by Jeremih
party time, hop inside
we're so high, roller-coaster ride
diamond bright
kiss me right
that's so nice

I like, I like, I like
I like everything about you
I like, I like, I like
I like everything about you
I like, I like, I like
I like everything about you
I like, I like, I like
I like everything about you

so don't you want me back
cause I wkno wwwhat I know
I don't wanna be alone
don't you want be back
cause I know
when I know I wanna go

I am not shy , make you sigh
slip and slide up my thighs
juicy just like clementine's
sorry If I make you cry

party time, hop inside
we're so high, roller-coaster ride
Gemini, switching side
that's so nice

I like, I like, I like
I like everything about you
I like, I like, I like
I like everything about you
I like, I like, I like
I like everything about you
I like, I like, I like
I like everything about you

so don't you want me back
cause I wkno wwwhat I know
I don't wanna be alone
don't you want be back
cause I know
when I know I wanna go
