

# Charli XCX, Enemy

They say: Keep your friends close  
But you're closer  
I love wehn you're here  
I am so far away sometimes  
I am dstant  
You might hale me, intimacy  
I'll admit, i am scared  
Maybe /2x  
You can reach me

Maybe you're my enemy  
Now i've finally let you come a little close to me  
Maybe you're my enemy  
You're the only one who knows the way o am really deeper  
Maybe you're my enemy  
Baby, Maybe you're my enemy

Suddelny you're in my bedroom  
Under my sheets every night  
Suddenly, i lose y fear, it feels good  
I feel guilty  
I feel nerous  
I feel certain now  
Maybe /2x  
You can reach me

Maybe you're my enemy  
Now i've finally let you come a little close to me  
Maybe you're my enemy  
You're the only one who knows the way o am really deeper  
Maybe you're my enemy  
Baby, Maybe you're my enemy
