

# Charli XCX, Gold Coins

My grills are sunny, drip icy cold  
Gold offshore bank accounts and diamond blue palm trees  
My platinum troubles  
I'll drown them in pink champagne  
Escape into the sky in my own private jet  
That's what I dream of in my heart

Gold coins everywhere,  
Dollars up in the air  
It's a billion love affair  
Gold coins out the window  
Money falls like the rain falls  
And I'mma spend it like I don't care

Richness and Bentley's that's how I roll  
These rock stars buy me postcards out with ruby's rare  
Our stack is so high  
Building green castle walls  
I'll hide inside my fortress  
Milkin' in my bed  
That's what I dream of in my heart

Gold coins everywhere,  
Dollars up in the air  
It's a billion love affair  
Gold coins out the window  
Money falls like the rain falls  
And I'mma spend it like I don't care

Gold coins everywhere,  
Dollars up in the air  
It's a billion love affair!  
Gold coins everywhere,  
Dollars up in the air  
It's a billion love affair  
Gold coins out the window,  
Money falls like the rain falls  
And I'mma spend it like I don't care
