

# Charli XCX, New Shapes (feat. Christine and the

What you want  
I ain't got it  
What you want  
What you want  
I ain't got it  
What you want  
I ain't got it

I don't know why I got a tendency to run away  
Don't know why I'm always pushing for a sweet escape  
Even though I feel so close, I just can't control how I feel  
And I gotta be free, need to breathe

But sometimes I need all night, all day  
We could fall in love in new shapes  
New shapes  
And when the morning comes  
I'm sorry, I stayed  
Tell you honestly, I can't change, can't change

What you want  
I ain't got it  
What you want  
What you want  
I ain't got it  
I ain't got it

What if I created places for you to let go?  
What if you wanted to watch because we both know?  
That now we are so close  
We don't have to fight how we feel  
When the lights and the skins are cold

I surrender to it all night, all day (All night, baby)  
Then we fall in love in new shapes (New shapes, baby)  
New shapes  
Then the morning comes all misty, we fade (Misty, baby)  
'Cause we fell in love in new shapes (What?)  
In new shapes, oh

What you want  
I ain't got it (Got it)  
What you want (We could go on)  
What you want  
I ain't got it  
I ain't got it

Thinkin' of me, but you're stuck on the west side again  
Maybe we're meant for another dimension, babe  
Deep in the dark of your brain like a star in space  
You call it art, but you pulled on my heart  
And you twisted it into a new shape  
Yeah, I'm dive bar-ing again and again  
Trying to get up close to you  
Fucked if I know how it's gonna end  
But honestly, life would be better if I never  
Met you in the first place

What you want (Oh)  
I ain't got it (Yeah)  
What you want (I ain't got it)  
What you want  
I ain't got it (Charli, Caroline, Chris)  
What you want (What you want, what you want)

What you want  
I ain't got it  
What you want (Ah-ha, ha, yeah)  
What you want  
I ain't got it (I ain't got it, baby)  
I ain't got it
