

# Charlie Landsborough, Me And The Elephant

I remember the day we had nothing to do  
So we went down to the city zoo  
Just to kill an hour or two  
Out in the good sunshine

We had so much fun  
We were glad that we came  
Feed all the animals  
And gave each a name  
Didn't even mind when it started to rain  
We had a real good time

Now that its over and your far away  
I miss you more with each passin day  
And all my friends sympathize and say  
You'll for get in time  
Yes you will  
Give yourself a little time

But it's already been over a year  
Just in case you interested  
You might like to hear  
How everyone is doing down at the city zoo with out you  
Well the monkey forgot you  
The hippo forgot you  
And so did the kangaroo  
But me and the elephant  
We still remember you  
Me and the elephant will never forget you

Well I called down an old friend  
Trusted and true  
Sought his advice as to what I should do  
He said everything that reminds me of you  
Would all have to go  
So I burned all of your pictures  
Except two or three  
The one by my bed  
And the one on my TV  
And the one that I always carry with me everywhere I go

And today was so nice  
And since I was in town  
I thought I'd take the opportunity to go down  
And see how everyone is down at the city zoo  
And what's new  
Well the rhino forgot you  
The zebra forgot you  
The polar bear and the tiger too  
But me and the elephant we still remember you  
Me and the elephant will never forget you
