

Charlie Rich, That's What Love Is

Love is a baby drinkin' from his mama's breast
Love is a robin buildin' springtimes nest
Love is you lovin' me
Baby, baby, that's what love is
Love is a rose bloomin' in the rain
Love is a reason for every precious thing
Love is me lovin' you
Baby, baby, that's what love is
Love is a key to everythin' locked up
Inside of your heart and your mind
Love is you lovin' me
Baby, baby, baby, that's what love is

You whisper you love me
And send me to the clouds
However I can fly much higher
When you say the words of love
Love will be around until the end of time
Love will last baby as long as you are mine
Love is me lovin' you, lovin' me, lovin' you
Lovin' me, lovin' you
Like a baby drinkin' from his mama's breast
Love is a robin buildin' springtimes nest
