

Charlie Robison, Good Times

Pick up a pizza, pineapple ham
And put it in the back of a Good Times van
Well, go out and pick up the rest of the band
We're gonna have a good time
Yeah Lilly of the valley, Lilly on a rug
Lilly drove here in a V W bug
Am I on the guest list, give her a shrug
We're gonna have a good time
Yeah, we gonna be like an ice cream cone
Better eat it quick gonna be long gone
By me a whiskey, get yourself stoned
We're gonna have a good time
Well, sit on a table, sit on the floor
Act like a virgin, act like you're sore
Winner or loser they're both too fine
We're gonna have a good time
When we see you in Atlanta or Abilene
The prettiest girls that I've ever seen
Be sweet as honey girl don't be mean
We're gonna have a good time

Yeah, we gonna be like an ice cream cone
Better eat it quick gonna be long gone
Buy me a whiskey, get yourself stoned
We're gonna have a good time
Well, a lot of people talk can shut the hell up
Sneak out a beer in a styrofoam cup
I'm gonna start singing so don't interrupt
We're gonna have a good time
Well, live in the country, live in the town
Come out tonight gonna burn them all down
Don't let the bastards get yourself down
We're gonna have a good time
Yeah, we gonna be like an ice cream cone
Better eat it quick gonna be long gone
Buy me a whiskey get yourself stoned
We're gonna have a good time
I said, buy me a whiskey, get yourself stoned
We're gonna have a good time, yeah
