

# Charlotte Hatherley, Rescue Plan

Find a book unopened, write my resolutions  
A rescue plan is all I need, to guarantee a change in me

All these things you think you are  
A little charm can only get so far  
Oh yeah fakes we're on to you  
So unexcited by the things you do

Not afraid that I will fall, I have more potential  
A rescue plan is all I need, and you will see a change in me

All these things you think you are  
A little charm can only get so far  
Oh yeah fakes we're on to you  
So unexcited by the things you do

If I could find my way  
I would never go back to you  
If I could find my way  
I would never go back to you  
If I could find my way  
I would never go back to you  
If I could find my way  
I would never go back to you
