

Charmed, Woogyman

It came and took over me.
It was stronger.
My sisters tryed to help but it was too strong.
The big shadow was over me.
My sisters helped me to say the spell:

Chorus
i am light
i am one too strong to fight.
Returne to dark where shadows dwell
You cannot have this Halliwell.
Go away and leave my sight
And take with you this endless night.

That was what Grams had taught us when we were kids.
Now it helped us and we won over the woogy.
