

# Chase & Status, All Goes Wrong (ft. Tom Grenna

Would you take a bullet?  
Would you bite the gun?  
I fall onto my knees  
And yes the war's already won  
So please don't take me for no fool  
Spend a lifetime in your shoes  
And now I'm walking  
Yes, I'm walking

Through the fire I'll keep burning on  
Will I hold myself together  
When it all goes wrong?  
The fire, they keep burning on  
Will I hold myself together

When it all goes wrong? /3x  
I'll take my time, I'll keep on holding on  
/2x

Gloves off, we're finished  
You'd better ... that feasts  
I lost your battle scars but you leave  
My heart's bleed  
So please don't take me for no fool  
I spend a lifetime in your shoes  
And now I'm walking  
Now I'm walking

Through the fire I'll keep burning on  
Will I hold myself together

When it all goes wrong? /3x  
I'll take my time, I'll keep on holding on  
/2x

Just like I take my faints  
You keep playing the same old games  
But remember  
But remember!

Through dark nights we burn right  
Till the sunset /2x  
/3x

When it all goes wrong /3x  
I'll pull myself together, keep on holding on
