

Chase & Status And Blossoms, This Moment

What if I could call you up but you run
What if I could be somebody you'd like
Maybe there's a way I can get you to come
Maybe you'd say that you'd be better off mine
Imagine all the things you could do with someone
Imagine me and you getting better with time
Pick of all the ways you could get me undone
Pick out what to say ojee you're kissing my thing

This is the moment /2x
All the songs were sad /2x
Until I came to love you

Since the moment I left
I can't get you out of my head
Was kind of hoping you'd said
You stay here with me instead

This is the moment /2x
All the songs were sad /2x
Until I came to love you
