Chasen, If It Comes Down

Secret lives that we live Secret words we exchange In a crowd is where Disclosure interacts with my pain You're something I can't erase You're something I don't want to change But I don't want to fear loving You I just want to walk In the shadows with You Cause if it comes down To the world or loving You Oh, I choose You (Yeah and I choose you) Denial seems to be the word That makes it all go away But the fact of the matter Is love will never shatter The trueness of our hearts Cause if it's You who never fails You lift me up when I'm down [Repeat Chorus] I won't bend and I won't break No matter what they may say I won't bend and I won't break No matter what they may say, no Yeah, la la la la [Repeat chorus] You said that it came down To the world or loving You And I choose you
