Cheat Codes, Feels Great (ft. Fetty Wap & CVBZ

Growing up in the golden age
throwing rocks art your window pane
kiss me once and I will float away
but that ain't me anymore
well don't mind if I sell my soul
to get a song on the radio
credit cards and my student loans
that's so millennial

do you remember how it feels to be young
do you remember
we could be anyone
now I miss the view from the floor of your room
September came way too soon
do you remember how it feels to be young
it feels great, mothafucka, yeah! /3x

remember cutting class we would smoke and chill
it was only gym and lunch
we thought it was real
I was even failing math
I ain't even care
just to be around you made it worth it
I dropped out, but you still said I'm perfect
I remember at the prom you was perfect
I remember you were walking on graduation day
I never got the chance to say
that I remember all the time that we spent
and I remember you were really my firend /2c
and I remember when they all looked and laughed
now it's crazy how they all on yo ass

it feels great, mothafucka, yeah! /4x

do you remember how it feels to be young
do you remember
we could be anyone
now I miss the view from the floor of your room
September came way too soon
do you remember how it feels to be young
it feels great, mothafucka, yeah! /3x
