

Cheat Codes, Lean On Me (feat. Tinashe)

I don't even know what day it is
I don't even know the time
But these seconds are irrelevant
When you're by my side
There's somethingg aout your body
Babye, i could si pit on ice
But i can never get wenough of you
I'll be wasted fro life

Everyone
They've gone through it
Wondering what are we doing, doing

Baby, when your're falling
You can lean on my
When you don't feel strong
When you don't believe
Babe, let me love you
I won't ever leave
Promise when you're falling
You can lean on my
You can lean on my

Stay /3x
Forever
You can lean on my
You can lean on my
If stay,
Stay, stay forever
You can lean on my

I don't even got a lot to give you
So willi t be enough?
Will you love me through the hell of it
When the battle;s rough?
Been waiting on the moment
Liek when's it gonna come?
Cause in th emiddle of everything
You're the only one

Everyone
They've gone through it
Wondering what are we doing, doing

Baby, when your're falling
You can lean on my
When you don't feel strong
When you don't believe
Babe, let me love you
I won't ever leave
Promise when you're falling
You can lean on my
You can lean on my

Stay /3x
Forever
You can lean on my
You can lean on my
If stay,
Stay, stay forever
You can lean on my
