

# Chely Wright, Jezebel

I give him love the best I can  
But you don't seem to understand  
It's not always deep  
But it's always true  
And he does not belong to you

Hey I do not forgive and I do not forget  
I will fight for love until the death

[Chorus:]

Jezebel, save your charms  
He'll be back here in my arms  
Oh how quickly you forget  
He is not yours yet  
He is not yours not yet

Gonna throw on this cotton dress  
Put lilac scent on the back of my neck  
Walk barefoot down that mountainside  
Straight to your door girl you can't hide

'Cause I do not forgive and I do not forget  
I will fight for love until the death

[Chorus]

Standing out in the pourin' rain  
Callin' out my lover's name  
I know he won't leave me in the cold  
Send my baby home  
Send my baby home

[Chorus]
