

Cher, A Cowboy's Work Is Never Done

Right!

I used to jump my horse on right

I had on six guns at my side

I was so handsome women cried

And I got shot but never died.

I could play, if I do everything it say.

girls seem to joskin in his way

those day we work considered fun

all cowboy's work is never done

He'd buy crime all the time

he always win

tell his mom would break it up

and call him in

he was tough, he was hot, he was high

I think was love 'cause guys like him were hard to find

Right! I'd like to ride again some day.

I think I feel no hard of play

I play games now, but it's not fun.

A cowboy's work is never done
