

Cher, Again

Again evening finds me at your door
Here to ask you just once more
If we could try again
I don't know quite what to say
Never was too good that way
So won't you help me again

I don't know what made me leave
If you just take me back you see
How much I love you

Again don't stand crying in the door
If you believe your eyes once more
You see I'll never lie again
