

# Cher, Am I Blue

Am I blue, oh am I blue?  
Ain't these tears in these eyes telling you  
Am I blue? Ah you would be too  
I said if this plans with your man  
Ah that done fell through  
Oh there was a time  
When I was, when I was he's only one  
But look at me and see now  
I'm, oh I'm, I'm the sad  
I'm the sad and lonely one  
I'm a fool and I'm the only one  
Was I gay, oh was I gay until today?  
Oh God that he's gone  
He's gone and we're through  
Am I blue?  
There was a time there was a time  
I said there was a time that I was he's only one  
But right now, right now  
I'm, oh I'm the sad of the sad and lonely one  
I'm the left behind only one  
Am I blue, oh am I blue  
Oh now he's gone and we're through  
Oh am I, am I blue, am I blue?
