Cher, Hard Enough Getting Over You

For the first time, in such a long time I've been feelin' there's some reason To hold on through the night And for the first time since you broke this heart of mine I find myself believin' It's really gonna be alright Now your askin' me to let you walk back into my life Something I can't bring myself to do

Chorus:

'Cause it's been hard enough gettin' over you You kept me holdin' on till the end Oh it's been hard enough gattin' over you I don't think that I could say goodbye again

I could trust you, but it's out of my hands
I once believed your promises
Believed in every word you said
I still love you, but my heart can't take the chance
That all the pain I've left behind me
Might be waiting for me up ahead
Just remember it was you who walked right out of my life
No you don't know what I've been through

Chorus

I made a promise to myself And this one I'm not gonna break I've made it without you, and I'm not about to Turn around and make the same mistake

'Cause it's been hard enough gettin' over you You kept me holdin' on till the end Oh it's been hard enough gettin' over you I don't think that I could say goodbye I don't think I could say goodbye I know that I can't say goodbye again
