

# Cher, I hope you find it

These clouds aren't going nowhere, darling  
Rain keeps coming down  
I just thought I'd try to call you  
For you got too far outta town  
And I hope that you get this message that I'm leaving for you  
'Cause I'd hate that you left without hearing the words that I needed you to

And I hope you find it  
What you're looking for  
I hope it's everything you dreamed your life could be  
And so much more

And I hope you're happy, wherever you are  
I wanted you to know that  
And nothing's gonna change that  
I hope you find it

Am I supposed to hang around and wait forever?  
Last words that I said  
But that was nothing but a broken heart talking, darling  
You know it wasn't what I meant  
Call me up, let me know that you got this message that I'm leaving for you  
'Cause I'd hate that you left without hearing the words that I needed you to

And I hope you find it  
What you're looking for  
I hope it's everything you dreamed your life could be  
And so much more

And I hope you're happy, wherever you are  
I wanted you to know that  
And nothing's gonna change that  
I hope you find it

Whatever it is out there that you were missing here

Well, I hope you find it  
What you're looking for  
I hope it's everything you dreamed your life could be  
And so much more

And I hope you're happy wherever you are  
I wanted you to know that  
And nothing's gonna change that  
I hope you find it  
I hope you find it  
Oh, oh
