

# Cher Lloyd, Grow Up (feat. Busta Rhymes)

We ain't ever gonna grow up  
We just wanna get down  
Tell the DJ turn it up real loud  
No we'll never grow up  
And if we had our way  
We would do this everyday

I got a flow that'll make you drop  
I got a flow that'll make you pop  
I got a flow that'll make your mother and your father call the cops  
We're gonna make this thing go blow, we're gonna system overload.  
We're gonna be the generation that makes everything explode!

And I when I say explode I don't mean that we using bombs  
We doing stuff that we don't ever have to tell our moms  
Love the stuff we got it,  
We got it all up in the room  
Paper chasing, yeah we got it everything we want

Somehow, some way  
We're gonna have it our way  
We don't give a what, what you say  
No we don't

We ain't ever gonna grow up  
We just wanna get down  
Tell the DJ turn it up real loud  
No we'll never grow up  
And if we had our way  
We would do this everyday

We ain't ever gonna grow up  
We just wanna get down  
Show everybody who runs this town  
No we'll never grow up  
And if we had our way  
We would do this everyday

Do ya, do ya, do ya know what I mean  
I'm a princess, I don't wanna be the queen  
Please don't say, I think Mr Bean  
Every time you're talking, it makes me wanna scream

I don't know what you heard 'bout me  
Don't remember holding out my pinky  
I'm gonna finish off these MCs  
Like they were my cup of tea

I got a flow that'll make you drop  
I got a flow that'll make you pop  
I got a flow that'll make your mother and your father call the cops

Somehow, some way  
We're gonna have it our way  
We don't give a what, what you say  
No we don't

[Chorus]  
We ain't ever gonna grow up  
We just wanna get down  
Tell the DJ turn it up real loud  
No we'll never grow up

And if we had our way

We would do this everyday

We ain't ever gonna grow up  
We just wanna get down  
Show everybody who runs this town  
No we'll never grow up  
And if we had our way  
We would do this everyday

(Cher let me take it from here!)

[Busta Rhymes]  
Bullseye again  
I got 'em in a target  
Put 'em in a pocket  
Put 'em on a market  
That's the way we did  
You can see the way  
I walk and I talk  
Every time I show her what I got  
I'm sprung, I don't want to grow up  
Forever young  
Why I don't ever wanna leave you  
Better believe me, trust me  
She is the one  
Gonna make all the people  
Got up in the hard papers  
Wanna hear it that  
Are we gonna dump like this  
Leaning bend the body on the run  
And then they gotta turn and twist  
I guess it's time for pictures in my closet  
I can do this to the infinity

We ain't ever gonna grow up  
We just wanna get down  
Tell the DJ turn it up real loud  
No we'll never grow up  
And if we had our way  
We would do this everyday

We ain't ever gonna grow up  
We just wanna get down  
Tell the DJ turn it up real loud  
No we'll never grow up  
And if we had our way  
We would do this everyday

We ain't ever gonna grow up  
We just wanna get down  
Show everybody who runs this town  
No we'll never grow up  
And if we had our way  
We would do this everyday
