

Cher Lloyd, One Drink Away

You see how i pul lup to the party
Came in with an attitude i am bossy
I know that i am keeping ypur attentiom
But i ain't tryna hook up wih nobody

I took 9 shots
I like the way they hit me
I am in this club and everybody tipsy
I was gonna take it nice and steady
But now i feel like getting kinda messy
I am
One drink away from saying what's on my mind
Only just a drink away from

Pelase dn't touch me
Just keep off me
Don't asking for no favours
I 've been nice for long enough but
Now i am on my worst behavior
I am
Only just a drink away from
I am
Only just a drink away from
