

# Cher, Love The Devil Out Of Ya

There's a special way you touch me  
In the morning when I'm waking up  
You know just how to put the pieces back together  
When it looks like we're breaking up

When my world is upside down  
You know just how to turn it around

[Chorus:]

And that's why this angel loves ya  
I'm gonna love the devil out of ya  
Show us a star shine above ya this angel  
She's gonna love ya  
I'm gonna love the devil out of ya  
All night long  
And if the sun comes up too soon  
I'm gonna bring you back the moon

There's a part of me that no one ever knew  
You somehow found  
And that's the part of me that's always missing  
When you're not around  
You opened up my eyes and made me see  
There's so much good inside of me

[Chorus x2]
