

# Cher, With Or Without You

I don't wanna live without you  
God, it hurts to be alone  
But livin' with you or without you  
Cuts my poor heart to the bone

'Cause my heart gets broken everytime we fall  
There's only so much left unshattered  
This time I know my back's against the wall  
But the truth's the only thing  
That matters anymore

I'm scared in a crowd of people  
And you're afraid to be alone  
I have prayed you'd be beside me  
I guess I'm meant to stand alone

Oh, cause our heart's get broken  
Everytime we fall  
They're beaten down and battered  
You're so afraid you don't deserve it all  
But you're not the only thing that matters anymore

How can I live without you in my heart  
When I walk out this time  
It'll tear me apart  
My heart gets broken everytime we fall  
There's only so long I can fake it

'Cause you let me go babe  
We could have had it all  
We had a chance  
I thought we'd make it  
'Cause I gave my heart  
You had to break it  
God give me the strength  
I just can't take it anymore
