

# Cherry Poppin' Daddies, Soul Cadillac

The Soul Cadillac is drivin' up  
The Soul Cadillac is in me  
Well a soul transformed from a dirty truck  
By a girl who loves me  
I was alone  
I wore the fragrance of men who worked in the heat  
I work all day  
Pouring the asphalt and shaping the concrete  
And I sing now

The Soul Cadillac is drivin' up  
The Soul Cadillac is in me  
Well a soul transformed from a dirty truck  
By a girl who loves me

She's a warm-hearted girl  
And such a treasure to hold  
To a working man's body  
She's like music with plenty of soul

She's my Soul Cadillac

I met her down at the East Town Pub  
In a slow dance we embraced  
She fixed up my home down by the water  
And made it a comfortable place  
Oh I tell ya

She's a warm-hearted girl  
And such a treasure to hold  
To a working man's body  
She's like music  
She's my soul

The Soul Cadillac is drivin' up  
The Soul Cadillac is in me  
Well a soul transformed from a dirty truck  
By a girl who loves me

She's the girl who loves me
