

# Cheyenne Kimball, Everything To Lose

I wish I had a wad of cash  
I'd throw it in a hat and take a cab  
And I'd roll all the way to you (yeah)  
And if I could I would get there fast  
Because I want this feeling to last  
I think I'm in love with you (yeah you)

(Bridge)

Ohhhh it's a beautiful thing  
How you always try to make every little thing alright  
And oh I am watching you be everything you are to me  
And it tells me to hold on tight

(Chorus)

I've got everything, everything  
I've got everything for you  
Oh I've got everything, everything  
I've got everything to lose  
Oh I've got everything  
Everything to lose

I wish I had a four leaf clover  
I could wish that this would never be over  
I don't want to be away from you (yeah you)  
And all my thoughts are lost in the dark  
But I know they won't get very far  
I'm in love with you. Yeah you!

(Bridge)

Ohhhh it's a beautiful thing  
How you always try to make every little thing alright  
And oh I am watching you be everything you are to me  
And it tells me to hold on tight

(Chorus)

I've got everything, everything  
I've got everything for you  
Oh I've got everything, everything  
I've got everything to lose  
Oh I've got everything  
Everything to lose

I wish I had a wad of cash  
I'd throw it in a hat and take a cab  
And I'd roll all the way to you

(Chorus)

I've got everything, everything  
I've got everything for you  
Oh I've got everything, everything  
I've got everything to lose  
Oh I've got everything  
Everything to lose
