

# Childish Gambino, Summertime Magic

you feel like summertime  
you took this heart of mine  
you'll be my Valentine in the summer  
you are my only hope  
just dancing, having fun  
out in the shine sun of the summer

do love me  
do love me  
do love me  
do love me  
I love you  
do love me  
do love me  
do love me  
do love me  
do love me  
put no one else above me  
do love me
