

Chloe Howl, Disappointed

You were destructive onces
Before, before you indulge yourself
Far a number thoughts
Becoming, becoming someone else
What you take it on
The staff, the staff you can turn to light
Do you think I'm stupid?

We were close, we were close, we were close as hell
You mug yourself as well
Amazed that you can't tell
But frankly, I'm just disappointed
I just get disappointed
I liked you like you were,
A loser I prefer
But frankly, I'm just disappointed
I just get disappointed

I was so angry 'til,'til I saw you,
I saw you with your dad tryna be like him
But you're better! But still, you make me mad as hell
You mug yourself as well
Amazed that you can't tell
But frankly, I'm just disappointed
I just get disappointed
I liked you like you were,
A loser I prefer
But frankly, I'm just disappointed
I just get disappointed

Wanted to be something new,
When you should've just been you

You make me mad as hell
You mug yourself as well
Amazed that you can't tell
But frankly, I'm just disappointed
I just get disappointed
I liked you like you were,
A loser I prefer
But frankly, I'm just disappointed
I just get disappointed
