Gimmie That

(Whooo!)

CHRIS BROWN IS IN THE BUILDING!

Chris Brown:

Young boy just turned 16 and I got

Six 4's and hot bikes that I rock

Keepin' the four sweeties on my block

(But all this traffic and making money just making buisness)

Slow all the traffic down to a complete stop

Cuz you speakin that slang that I talk

That sassy kin-folk with that walk

(May be the reason that all these ladies ain't never seen me)

(CHORUS:)

Mama you may be a few years older but you hot

GIMMIE THAT

You be talkin like you like what I got

GIMMIE THAT

I know you likw it how I lean in the lack

You could be in the back saying GIMMIE, GIMMIE, GIMME

(Verse two:)

Ma, take a break let me explain to you what yo' body got a young boy ready to do

If you take a test and let me put them thangs on you

I can show you how I make them straight 'A's in school

I'm a hustler

That's my framing name

Got you thinkin that I'm just to young to change your page

I can picture

Us switching lanes, in the coop with you on the phone screaming my name:

CHRIS!

(Chorus)

Girl you serious and I'll be watching you!

(Chorus x4)

Yeah ma, don't be frontin like you don't know what's going on...
