

# Chris Brown, Heart Ain't A Brain

[Verse 1:]

It's a 360 turn  
Sittin' where we begin  
Beginning like here's the end  
Like kissing  
And missing class  
But we needed to learn  
Was different  
Than just some math  
It's the big picture  
We missed it  
The figures just didn't add up

[Pre-Chorus:]

We said  
let's not leave on bad terms  
In between  
Them bad words  
This could be love right?  
Uh, huh  
But are we gonna leave  
When it's this good?  
Damn it just cause  
Seems this lovin's  
All for nothing  
Baby, you know

[Chorus:]

A heart ain't a brain  
But I think  
That I still love you (still love you)  
A happy endin'  
makes you cry  
'cause it ends  
When you don't want to (don't want to)  
And it makes perfect sense  
To end it like the start  
How do I explain  
This nonsense to my heart?  
A heart ain't a brain  
But I'm thinkin'  
That I still love you

[Verse 2:]

It's a fly twist  
Just when you said  
I got this  
Right when the fight  
Has stopped it  
Seem my body felt wrong  
Held on them nights  
We held on  
We can't let it go  
But if we don't then  
We will never know

[Pre-Chorus]

[Chorus]

[Bridge:]

Oh, oh, oh, oh  
My heart is achin'  
Thinkin' 'bout all the love we wasted

ooh, ooh, oh  
My heart's impatient  
Can't understand the time we're takin'  
My heart can't have  
My heart can't decide  
But it's tellin' me it's right  
And I know that  
We should just call it quits  
But I'm thinkin' that all of this  
Gotta Change  
'Cause my heart's goin' insane

[Chorus]
