

# Chris Brown, Just Fine

Heeey, uh, ummmm, heey, oh girl, oh girl

We did everything we could do  
To try to make it work (we did, we did)  
Baby, you look so confused, cause it feels like, there was no way we could lose (no way, no way)  
Baby, I just don't know why I can't find the things you need in me (I can't, I can't girl)  
Baby, they know just know what to say, they trying to break us away from one another, but maybe

I think, God will give you someone,  
Much better than me, trust me  
Your life will be O.K. it will be alright.  
You'll be just fine (just fine, just fine)

I know that baby we would disagree constantly on the basic things (we did, we did)  
You thought that there was someone else, all along (no way, no way)  
Baby I want to decide to stay right by your side  
Baby, they know just what to say.  
They wanna keep us away from one another  
But Maybe they're right for a change

I think, God will give you someone,  
Much better than me, trust me  
Your life will be O.K. (O.K.), alright (alright), just fine (just fine)

I know, baby, baby, baby can't you see that another fella just may be the kinda man that you need  
You deserve it and I know that  
I know another love has come your way, just listen to me when I say  
You'll find him (you'll find him) be patient

I think, God will give you someone,  
So much better than me, trust me  
Your life will be O.K., it will alright, it will be just fine (just fine)

(Cuz I know that baby)  
I think, God will give you someone (someone better),  
Better than me, trust me girl  
(no more pain) O.K.,  
(no more pain) Alright,  
It will be just fine (just fine)

Hey, hey, hey, hey, hey, hey  
(You wanna know why I'm sure)  
(sure, sure)
