Ooh, no, no, no, no, no, no
Oh-oh

But you're the only one I want now, girl (Come here)
See we don't have no time for let downs, no, baby
And 'cause we gotten way too close now, yeah

Can we put our phones down?
Baby, you got all my attention
I give you my loving, all my affection
If I'm moving fast, 'cause I move with intention
Oh, woah
Baby, I'ma bring the heat
There's something that I want you to see tonight (I like you)

I like you 'cause you're super sweet
You like it when I beat, beat, beat
Pretty girl, what a midnight freak
I know you need a nigga like me
Nobody but you and me
I'm a beast with the beauty in the sheets
I lick the lips 'cause them super sweet
Can't nobody do it like me, yeah, yeah

Like me
Me, yeah, yeah

Can't nobody love you better, they ain't deep enough
Once you fuck with me, girl, you can't have another
Foot up on the gas, 'bout to press the button
Pull up on you (Skrtrt), girl, you never ask for nothin'
And I'ma leave it in, stay right there
Usually, I don't say this so soon
You know I'm all in
Let me jump right in (Yeah)
