

Chris Brown, Say Good Bye

Chris Brown

Miscellaneous

say good bye

Look we got to talk

Dang I know I know

But there's just some things I need to get off my chest alright?

Baby come in sit down lets talk

I got a lot to say so

I guess I'll start by saying that I love you

but you know this thing ain't been no walk in the park for us

I swear it will only take a minute

And you'll understand when I'm finished yeah

And I don't to see you cry

and I don't want to be the one to tell you a lie so

How do you let it go when you just don't know what's on the other side of the door when you walk

(Chorus)

Cause there's never a right time to say goodbye but I got to make the first move cause if I don't you

girl it's not you it's me I gotta got to figure out what I need

Ohh theres never a right time to say good bye but we know that we gotta go

Our separate ways and I know its hard but I gotta do it and its killing me cause there's never I right

I know your heart is breaking

And a thousand times I found myself asking why am I taking so long to say this

But trust me girl I never (never) meant to crush your world and I never thought I would see the day

How do you let it go when you just don't know what's on the other side of the door when you walking

We just cant go on pretending that we get along

Girl how you not gonna see it

(chorus)

Listen to your heart you gotta know we should be apart I just cant do it I just cant do it

Listen to your heart girl you know we should be apart I just cant do it and sometimes it makes me v

(chorus)
