

Chris Cornell, Part Of Me

Little girl, I love when she talks to me
Got to smile, when she walks that walk with me
I want the girl, but I want a lot
Might cross my mind, but that's where it stops

That chick ain't a part of me
No, that chick ain't a part of me
I said no, that chick ain't a part of me
No, that chick ain't a part of me
I said no, that chick ain't a part of me
No, that chick ain't a part of me
I said no, that chick ain't a part of me
No, that chick ain't a part of-part of-part of me

I love the girl, I'm lovin' the dress she wears
She's got a hold, got a hold my neck, oh yeah
I wanna cry, the way that she moves
I want the girl, but not what she's going through

That chick ain't a part of me
No, that chick ain't a part of me
I said no, that chick ain't a part of me
No, that chick ain't a part of me
I said no, that chick ain't a part of me
No, that chick ain't a part of me
I said no, that chick ain't a part of me
No, that chick ain't a part of-part of-part of me

She was so friendly, I had one too many
But now that they tell she was rubbing up against me
But I swear, never meant a thing, she was just a fling
There's no other woman who does it like you

That chick ain't a part of me
No, that chick ain't a part of me
I said no, that chick ain't a part of me
No, that chick ain't a part of me
I said no, that chick ain't a part of me
