

# Chris Isaak, Somebody's Cryin

I know somebody and they cry for you  
They lie awake at night and dream of you  
I bet you never even know they do but  
Somebody's cryin'

I know somebody and they called your name  
A million times and still you never came  
They go on lovin' you just the same I know that  
Somebody's tryin'

So please  
Return the love you took from me  
Or please  
Let me know if it cant be me

I know when somebody's lyin'  
I know when somebody's lyin'

I know that somebody's lyin'  
I know that somebody's lyin'

Give me a sign and let me know we're through  
If you dont love me like I love you

But if you cry at night the way I do  
I'll know that somebody's lyin'

So please  
Return the love you took from me  
Or please  
Let me know if it cant be me

I know that somebody's lyin'  
I know when somebody's lyin'

Oohhaaahhh  
Oohhaaahhh
