

# Chris Norman, Crazy

Crazy

You know we're all crazy  
The Worlds gone crazy.  
Can Somebody save me?  
Oh, it's all crazy  
It's all gone mad.

It's all going down the pan.  
We'll wait until it hits the fan.  
Starvation and depravity  
The meaning of humanity  
We're waiting for a better World.  
Our hopes and aspirations could be dying.

Woke protesters everywhere.  
Just watch your children and beware  
Is that the sort of lesson they need?  
Immigration, corporation.  
What's it all about?  
They could be lying.

Crazy

You know we're all crazy  
The Worlds gone crazy.  
Can Somebody save me?  
Oh, it's all crazy  
It's all gone mad.  
Yeah

The Economy is growing strong.  
Well, just what planet are they on?  
Unemployment, all walk out.  
Stay at home and do without  
Raising up the National Debt  
Well, how long can this madness keep on going?  
Hmmm

Crazy

You know we're all crazy  
The Worlds gone crazy.  
Can Somebody save me?  
Oh, it's all crazy  
It's all gone mad.

Crazy

You know we're all crazy  
The Worlds gone crazy.  
Can Somebody save me?  
Oh, it's all crazy  
It's all gone mad.  
Yeah

It's all gone mad.

Follow me, Follow me  
Follow me  
Follow me, Follow me  
Follow me  
Follow me, Follow me  
Follow me  
Follow me, Follow me
