

Chris Rea, Got To Be Moving On

Sombody told me - there's something better down that way
So don't try to hold me - 'Cos it's all I got to say
Is can't stay
I got to be moving - I got to be moving on
Yeah I got to moving - I got to be moving on

Next time you look around - you may find me gone
I've got to be moving - moving on

Free - nothing can hold me down
What you're loving - is what you found
So don't try to change it
Oh free - I've got to keep moving on
Where ever it takes me - where ever it goes

Somebody told me - there's something better down that way
So don't try to hold me - 'Cos it's all I got to say
Is can't stay
Got to be moving - got to be moving on
Got to be moving - got to be moving on
WHenever you see me - you'll know me by this song
Yeah I - I got to be moving on
Moving on
