

Chris Rea, Qualified

I got a beat up piece of paper - It's a message from a king
He says - I got to get you out of here
He say - I got to let you in
'Cos I've been down the darkest road there is - I've seen the other side
I got a licence to go - Straight through your pain
Ain't no big deal - 'Cos I'm qualified - Yeah I'm qualified

Qualified in fear and pain - I'm qualified in lies and shame
I'm qualified with a broken heart
You knock me down - I get back up again
'Cos I'm qualified

I'm qualified - To get your love
I'm qualified - To know what you're thinking of
I'm qualified - in broken dreams
I can save you from where you've been
'Cos I'm qualified

I'm qualified to make you smile
I'm qualified to save your pain
Qualified to give a real good time
Qualified to make your sun shine
