

# Chris Whitley, Can't Get Off

I ain't got no pride in my pants  
I ain't got no poise or plans  
Hear me out with your hands  
It's nothing major, sister  
I can't get off  
Yeah, nothing major  
I ain't got no acid love  
Ain't got no problem to solve  
I'm doing my best to dissolve  
Well, it's nothing major, sister  
I can't get off  
I can't hang out, sister  
I can't get off  
I been watching it go by  
Well, I been gone so long  
Entertain religion of law  
Slave morality and the norm  
You know it  
I'm doing my best to conform  
Well, it's nothing major, sister  
I can't get off  
It's nothing major, sister  
I can't get off  
But I been watching it go by  
Well, I been gone so long  
I want to hear the new word now, now, now  
I been watching it  
I been watching it go by  
I been gone so long  
I want to hear the new word now, now  
I can't get off
